

AMC Building Material, LLC

Product Specifications 2018

AMC Building Materials, LLC

AMC Building Material was established in 2015, we supplies quality cabinet, flooring, countertop, sinks and faucets for your next renovation project. Our kitchen materials include three different (European, Shaker, Classic) style cabinets, and (Granite, Quarte) countertop.

All of our cabinets and vanities are constructed with 100% solid wood doors and frames, 1/2" to 5/8" thick plywood boxes, soft close metal door hinges, full extension drawer with soft close metal glides, and more. We insist the highest standard, overall quality, functionality, and value of our products.

All AMC cabinets are Ready-To-Assemble (RTA) and Semi-Customize to our customers' specific. As our own manufacturer, we are able to maintain quality control and strict supervision over our cabinets production process through high-tech machinery and detailed hand-crafting. And we value our growth and continued improvement just as our customers do.

Contact us or visit our website to see examples in our Salt Lake City show room. Our renovation staff is ready to answer questions, customize building supplies and high quality imported materials. We work with homeowners, builders and contractors around the Utah state.
